Thank you for enquiring about our luxury décor and planning services. We have been established for over 15 years providing wedding décor, luxury planning and more recently destination wedding services.

This is a brief introduction into our world of what we love doing best and would encourage you to either book for a consultation in person or over the phone to talk weddings, dreams, décor and design.

Reception Decor

Luxury Event

Design & Planning

Our niche is to design spaces and transform your event into an experience. Guests want to feel the theme through décor and the entertainment they experience and feel. These events have taken place in the UK and abroad. Discuss your ideas with us and let us create something unique.

Destination Wedding

Planning Services

Destination weddings are perfect for couples or families who want to have a wedding with plenty of photographic moments and experiences. We have specialists in most parts of Europe and can cater for weddings in the Far East and Africa.

There are venues we have on our portfolio which are adaptable to the type of wedding you want and we can be involved with the wedding from initial planning to on the day coordination. We can provide decor and design services too if you just want us to help design the space.
