

The Silk Scarf Invitation

Unforgettable.

BY BIEHLE is the first couture silk scarf
invitation in the world and an
invitation that will never be forgotten.

*“The invitation sets the standard
for an event”*

The silk scarf invitation is much more than an invitation. It is a personal guest favor, a high-end fashion accessory and a piece of art to be kept as an eternal memory.

Our couture silk scarf invitations are
created with love and respect for fashion
heritage. We never compromise
on quality and produce with a
strong commitment to sustainability.

Our designer, Erich Biehle, is a world-renowned textile designer and artist, whose iconic designs helped shape the fashion industry since the 1960s. He was a student of Johannes Itten and worked directly with some of the biggest names in the business including Hubert de Givenchy and Yves Saint Laurent.
