Reviews

"Choosing Penzi Wedding was the greatest decision my husband and I have ever made. You have to have your wedding with Penzi! My Husband and I had our wedding through Penzi Weddings and it was the most incredible wedding! Not only was the week of the wedding incredible, but all of the planing before was as well."

"They helped us navigate the entire wedding planning process with grace and ease, and provided so many wonderful recommendations and ideas to bring our wedding to life. They listened to our feedback, and were always so responsive and helpful – even in spite of the distance as we were planning from another country. Our entire wedding weekend was truly the most magical experience, and we would not have changed a thing."

Reviews

"The execution by Penzi's staff for both the rehearsal and wedding were phenomenal. Even though it ended up raining (and haling!) in the middle of our ceremony, the staff were ready with umbrellas for guests and a backup plan for the rest of the evening. They made sure that everything flowed smoothly despite the bad weather, and we were never worried or stressed at all."

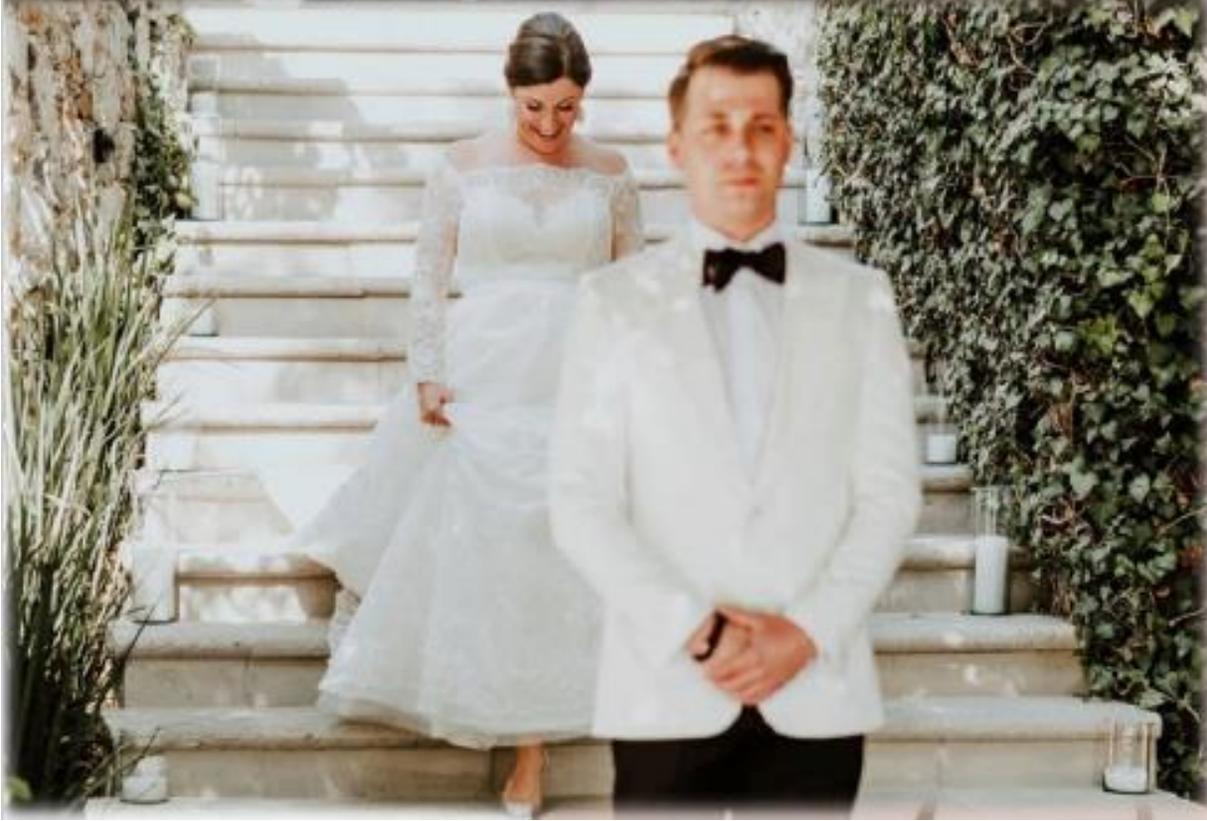

"The food was amazing – perfectly prepared and beautifully served, from the appetizers to the late night snacks. The waiters were professional, but personable. Drinks were creative and delicious too"
