About Natalia

My name is Natalia Matamoros, founder of Unique Co.

I was born in Costa Rica.

However, due to my father's work, when I was 2, we moved to Equatorial Guinea (a small island located in Africa) where only French was spoken; so it was a nice challenge for me!

We traveled around the world learning about different cultures. This helped me to have a creative mindset since I had to adapt to the new adventure we would have in the new country. At 16, we returned to Costa Rica, already with 3 languages (Spanish, English and French).

Since then I've not been able to leave; I love this country with all my heart! That's why I decided to study Sustainable Tourism. My life was about knowing each of the wonders that this country has!

For 10 years, I worked in the tourism industry. I worked one of the most important agencies in Central America and in the best position that can ever exist. My job consisted to inspect each of the 4 to 5 star hotels; experiencing & ensuring that the service was excellent to be able to offer it to the clients of the agency.

Can you imagine how hard was it?! :P to visit the hotels in Costa Rica where they treat you exceptionally, delicious food, fantastic tours. What more could I ask? I became the spoiled of the hoteliers. This job helped me to be super demanding with the service of our vendors; seeking the excellence of our partners for our customers.

Years later, I met the love of my life ♥ and decided to get married!

In the planning process of our wedding it's where I discovered that I was born to be Event planner and decided to follow my heart and start one of the most challenging and wonderful challenges of my life!

And here I am, continuing making dreams happen to our clients.

About Unique Co.

Unique Co. is born from the moment Natalia and her husband decide to get married.

They wanted it to reflect their personality and make it a unique experience for their guests. At that time, the wedding planners available only offered them the option of holding the wedding in a hotel hall. Despite explaining their desire, they failed to fit in with the options they had and the only planner who understood the concept was completely out of their budget. So they decided to start on the planning process of their wedding themselves.

Even though everything was planned ahead of time; looking for right vendors in expos, asking friends and family for help for that day... unfortunately the vendors didn't perform as they wanted and everything they dreamed was less than half.

From that moment, Natalia discovered the need to have a planner with an affordable cost for couples who still dream of having a super cute, special and unique wedding, and decides to create the company Unique Co.

"FROM THE MOMENT WE CREATED UNIQUE CO., WE HAVE BEEN VERY BLESSED BECAUSE OUR CLIENTS ARE PEOPLE WHO ARE REALLY LOOKING FOR SOMETHING TOTALLY EXCLUSIVE.

WE DESIGN EACH WEDDING IN A COMPLETELY UNIQUE WAY.

WE DESIGN EACH CONCEPT FROM SCRATCH, CHALLENGING US TO ALWAYS BE AWARE OF WHAT IS TRENDY IN THE EVENT INDUSTRY AND TO BE ABLE TO INCORPORATE IT INTO OUR WEDDINGS. "

Why Unique Co?

"CLICK"

We will work for several months together, it is very important to feel that "click" with the person who is going to organize your wedding and to have a better understanding of what you as a couple are looking for!

BOUTIQUE & UNIQUE

It is very important to emphasize that we are going to plan your wedding from scratch, making sure that we have not used the same design in another couple!

STYLING

If you have already check out our social medias and are in love with our style; then we are the perfect match!

TIMELESS

Planning a wedding takes a 6 month work time full time. Follow up vendors because they have thousands of requests for quotes. We are a top client for our vendors so we have priority over a direct client.

STRESSLESS

Avoid discussions between the couple about what to do, Where to start, where to go and do not forget any detail in the process that then becomes a headache.

Frequent Questions

IS NATALIA GOING TO BE AT THE WEDDING?

Natalia is the wedding planner and designer. We try to cover most of the events. However, it is not guaranteed. One month prior your wedding day, one of my amazing event specialists and an event assistant will be assigned to cover your big day. Always supported by Unique Co.'s "day of coordinator" format.

HOW DO WE BOOK?

We proceed to sign an agreement where we will have all the important information about how our planning process works and a first non-refundable first payment of \$1,000 + taxes.

HOW DOES COMMUNICATION WORKS?

The best way to communicate with me is via email. I try to answer 48h hours after or less except for weekends where I try to enjoy time with my family and friends just like you, or if I have an event going on.

You can text me for quick questions but I prefer email for all formal communication and logistics. I don't want to miss any detail!
