APPROACH TO PHOTOGRAPHY

My photographs are not about perfection, but rather about perception. I prefer to view characters and situations with a sharp eye, seeking to reveal hidden emotions and beauty in every aspect. I strive to capture moments that are both authentic and genuine, creating stories with a vivid cinematic touch.

ABOUT ADONIS

I have been taking pictures since 2004, right after graduating from London College of Printing. Since then, I shot literally hundreds of projects and documented the lifestyles of quite a few V.I.P.s, managing to maintain a well respected brand name that is listed among the premium options in the industry.

I have always been fascinated by human connections, captivated by new encounters and drawn to observing one's way of thinking and interacting. Therefore, it comes as no surprise that I chose photography for a living and a means of expression that completely fulfills my needs.

My own life inspires me daily, being the father of a boy who rocks my world, husband to a wife who has helped shape me into the person I am today and owner of a cat that somehow manages to test my limits. I have had good practice at mastering patience, being diverse and discovering the key to building and fostering the chemistry in a relationship.

After all, this is wedding photography for me.

WHAT IS YOUR WORK APPROACH?

I limit the number of commissions I photograph in a year so that I can give to each the attention, love and care it deserves. I typically accept a single wedding project every weekend, with a few exceptions during prime dates. This ensures I deliver the best possible value to my clients.

HOW MANY PHOTOS DO YOU TAKE AT WEDDINGS?

A lot, but it totally depends on the day. For a typical 10-12 hour wedding I deliver between 800-1000 images.

DO YOU TAKE FAMILY FORMALS?

Yes, I always try to set aside time to do these immediately after the ceremony when everyone is in one place, and I have a system for getting through them as quickly and painlessly as possible.

HOW LONG UNTIL WE RECEIVE OUR PHOTOS?

April-June assignments can expect to have their images within 4-6 weeks. July through October commissions will be delivered 8-12 weeks after. Your online gallery will be posted after all editing is done in house. After that you will be able to share and download all your photos in full printable resolution.

WHAT IF YOU GET SICK THE DAY OF OUR SHOOT?

I never had to miss an event, but there are always unforeseen circumstances and if I know with enough notice that I will not be able to make it, you will first have the option of getting a full refund and finding another photographer on your own. In the case of a last minute emergency, I have a huge network of talented photographers to call upon if necessary, and would do everything in my power to ensure someone of equivalent experience is there.

WHAT EQUIPMENT DO YOU SHOOT WITH?

Does it matter? If it were a pinhole camera enabling me to do what I do, I'd use it! As long as you love what I produce, it doesn't matter how I do it. And yes, I have back up equipment for everything. This is one of the best days in your life and it cannot be ruined because of a technical fault

HOW DO WE BOOK YOU?

A Skype meeting or a phone call is the way to go, whatever makes you more comfortable. If you feel happy with what you hear and see, then we can proceed with the booking. I book on a first come first serve basis and all that is required to secure the date is a signed agreement and a booking deposit.
