# OUR SERVICES

## WHAT WE DO:

When you book with Botanica Weddings we do much more than just provide one wedding planner for your event.

For us, it's not just about organising the details and making sure things are in place on wedding day.

We know that for a couple and their guests to have an amazing wedding *experience*, you need a great crew working to go above and beyond.

Not only will you work with a planner and have an online planning system to help you, we have a whole team working on your planning and the running of your wedding day to ensure that every detail is covered and to perfection. Our wedding crew typically includes:

- **Wedding Day Co-ordinator** - Looking after you from girls arrival to reception. Your coordinator/planner is really focussed on looking after the bride and her tribe for any needs that they have from getting ready to ceremony, photo tour & to the reception.
- **Functions Manager** - Looking after you and your guests from boys arrival to the end of the night. Our "FM" will ensure that you are all having an amazing time and that the guests have someone ensuring everything runs perfectly when you are having your photo's taken post ceremony.

- **Crew Leader** - Oversees all of the suppliers & setup of your wedding to ensure everything is perfect. Communicating via headset with your co-ordinator & FM all day to keep them updated.
- **3 x Crew members** to setup your chosen styling & decor, work with the suppliers, welcome and check in your guests, act as runners when needed (eg the groom forgot his speech or the bride didn't bring a garter - no problem, we'll make one!) and so much more.
- **Production Team** Our team consists of lighting, sound, floral and setup specialists. Music is one of the most important elements of the day. Playing the right music at the right time at the right level can really determine whether the right note is hit (no excuses for the pun). We have our own sound tech's to ensure that your background music and special moments are perfect. No fuzzy cd players here.
- **Furniture & Decor** In 2019 we started to curate our own furniture and decor range which continues to grow with each and every event. We plan to continue to expand the range to offer bespoke items at a better value to our clients.

To organise and run a wedding perfectly it takes a tribe and our Botanica Warriors are the best in the business.

Do you need all of these services? Of course not. You don't *need* it.

Do you *want* to have an amazing stress free wedding day experience on *your* wedding day?

If you do, then we were made to help you with your Wedding Day.

# ABOUT US

We are a passionate tight-knit team who just simply love creating amazing wedding experiences every day.

Weddings are a massive commitment both emotionally and financially, so it's our mission to throw you a destination wedding in a spot that will make you cry in the best possible way.
