## **Delizia Ricevimenti**

Delizia Ricevimenti was founded in 1994 by Mario Panzariello, a famous Florentine pastry chef, known through his innovations and his sense of enterprise. Giving importance to a high class service, attention to detail and customer experience, Mario laid out the foundations for a successful company.

Nowadays the commercial aspects of the company are directed by Giulia and Matteo Panzariello, Delizia Ricevimenti's senior event managers, while Mario continues to provide creative and strategic input. Thanks to the experiences acquired throughout these years and the important contribution of reliable and highly qualified collaborators, Delizia Ricevimenti is considered today one of the most dynamic banqueting & catering companies creating events for up to 2000 guests with weddings being the core business.

Professionalism and a sense of constant innovation based on strong traditions are our strengths. Our objective is to suggest the best menu, to create that particular harmony and atmosphere between flavours, quality and service, to listen to the needs of our clients and transform their wishes into unforgettable experiences.

Whether you imagine a wedding in a breath-taking princely castle, an elegant renaissance palace, a country-chic villa or an enchanting lake view mansion our team is prepared to create unique ambiances! Our staff researches new culinary specialities continuously to satisfy any taste and reflect different cuisines bearing in mind our Tuscan and Italian tradition.

We invite you to come and visit our showroom for a tasting to get to know us better.

Your event becomes a unique opportunity to show what we do best:

***To go beyond your expectations!***
