choreographies

classic

An opera melody, combined with a light beat sound, followed by a simple yet unique appearance, Naiads compile the image of ballet in the water.

summer dance

Rhythm, music and dance vibes
are elements that characterize
this choreography.

With a funky mood and a bright
look, Naiads drift the audience
into a happy, summer dance!

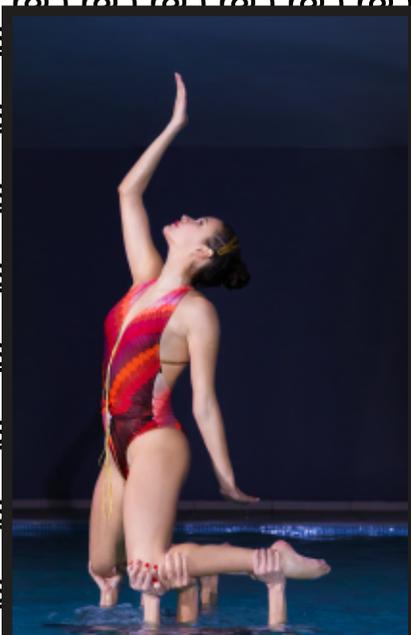

modern mermaids

A choreography that invites the guests to a magical underwater exploration, with sounds that travels you in the deepest places of the ocean and an appearance inspired by aquatic creatures.

ancient
greek

Naiads like ancient priestesses entice the guests on a journey through time to discover the ancient beauty.

Inspired by the ancient mysteries and through dance and melody, they enliven the ancient spirit.

illusion of a dream

Stardust...

A girl walks on the water and statue-dancers on its surface.

The audience follows Naiads into an illusion of a dream. The journey is filled with music and dance balancing between the reality and the fantasy..

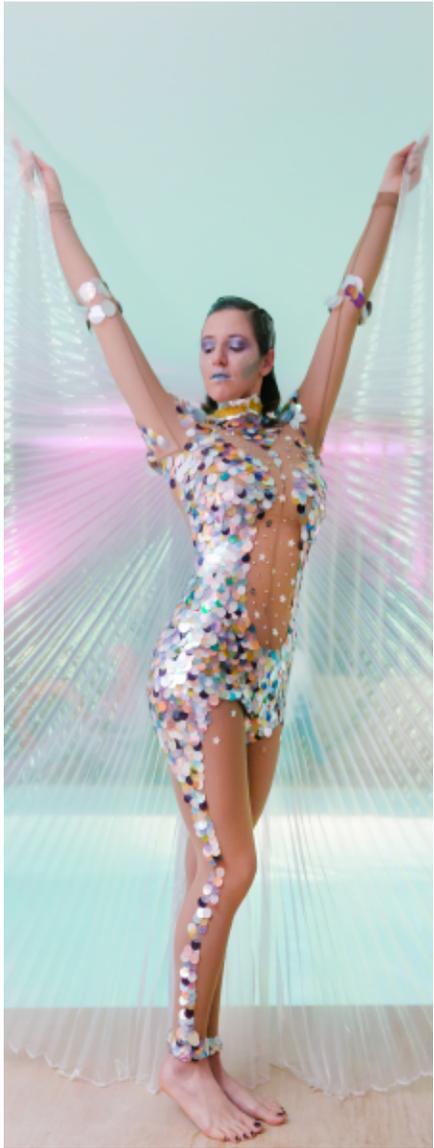

special
characters

mermaid

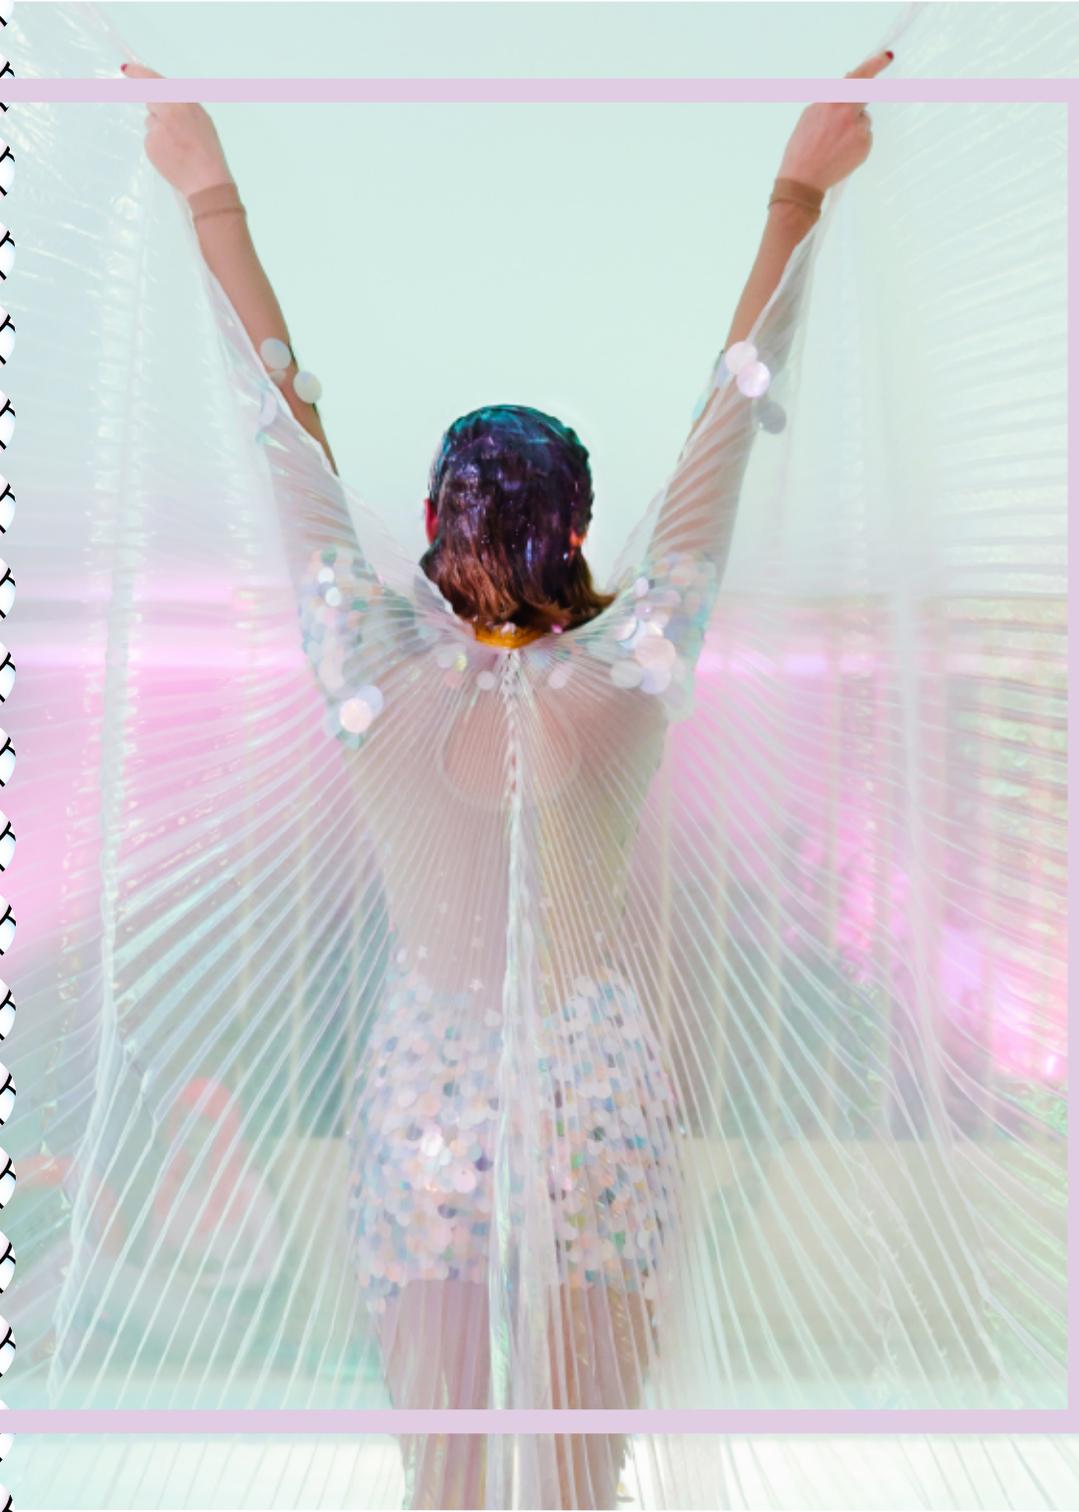

The mythical aquatic creatures of Naiads appear in their natural environment offering a spectacle totally harmonized with the water and the swimming flow..

naiad

A modern nymph,
with an astonishing
apparel, seduces the
audience with her
dance in and out of
the water.

special
effects
and
props

pyro-synchro

Fireworks placed either into or out of the water, underline the choreographies of Naiads, creating a spectacular show.

dancing wings

Dancing wings are an insert element in each presentation and can be added to all the above choreographies.

With their use, a more noticeable entry of the dancers in the space is achieved, transforming this part to a part of the spectacle.

bubble ball

A fairytale

An illusion..

Girls walk, dance and lay on the water's surface.

Inside the ball can be placed some flower petals, confetti, foam and various others elements depending on the event you are planning.
