UNIQUE SHOTS FOR DARING BRIDES

# Ready to create everlasting moments?

**Great, because this is what we do.**

So much love, energy and dedication goes into a wedding,  
the gown, the details.

Then on the big day itself, you experience a whirlwind of emotions.  
Yet it all goes by so fast. Too fast!

Even if fantastic pictures were taken, we always yearned for just a little more time with the bride to  
give her the visual attention she truly deserved.

**This is how The Love Empire was born.**

So why not grasp this amazing opportunity to celebrate yourself, your dress and this unique  
moment, without creative limits. Whether it's two days, two weeks, or even two months before or  
after the wedding. You deserve it.

## Zuzu Birkhof & her team

### 13 years of photo & production expertise.

„As a professional photographer for over 13 years, specializing in wedding photography for about 5 years and now founder of The Love Empire, my credo has always been to combine technical knowhow, creative artistry and organizational structure in all of my productions.

We offer unique experiences for brides - to value and celebrate her transformation of becoming a wife, her gown and just herself for being a beautiful woman.

What was only available to models and celebrities for a long time should now be available to our clients.“

**We love what we do and so will you.**

**Our production from start to finish:**

**WE LISTEN.**

As soon as you get in contact, we set a time and date for a first video chat to find out what you are looking for and what suits you best.

**WE DEVELOP...**

a personalised concept, including a detailed mood board that outlines visual language, style, location, plus a rough cost estimate.

**WE OPTIMIZE -**

until it fits. Building a concept is a process that rarely ends with the first presentation. And that's absolutely ok.

### **WE BUDGET...**

and finalize the costs according to the approved concept, which means, after another tiny - "yes, I do."  
- from you, we're ready to go.

### **WE ORGANIZE...**

and start with the production right away by booking the location, crew, equipment. We hire a florist or set decorator, if needed. Last, but not least, we set up a run sheet for the shoot.

### **WE SHOOT!**

At your dream location, in your dream bridal gown, with your dream team. Excited? No worries, we are, too!

## Our Partners

### Finding the perfect location...

...is one of the hardest, but also most rewarding tasks when it comes to a bridal shoot.

Not only does it shape the experience for yourself and the photographer, but it is also a defining part of the final result.

That's why all our photo shoots take place at exclusive, carefully selected sets across Europe - or worldwide.

We cooperate with many venues -

But if none of these are made for you, we'll find the right one.

MERCI BEAUCOUP.

谢谢.

THANK YOU.

DANKE.
