# Santorini Greece

## *The magnificent volcanic wonder of the Aegean Sea*

An exceptional and fascinating island in the Aegean Sea, Greece. An island created by the volcanic wonders and nature's inspiration, classified as the most romantic destination worldwide.

**E**motionally intense as the result of forceful volcanic eruption, Santorini is famous for its beauty and culture. The geological uniqueness, the traditional island architecture and the world's most famous sunset distinguish Santorini among all the other wedding destinations.

Santorini is the ideal place for a wedding ceremony with unique backdrops, a natural setting to capture life time moments. A sublime Greek island for the bride and groom to exchange vows of love.

# Santorini Gem location

*“Set in the scenic hillside village of Pyrgos, a place that oozes romanticism.*

*Embraced by the majestic sunsets and glorious views, Santorini Gem evokes a true miracle that every couple would dream of.”*

The last big eruption of the volcano caused the collapse of the volcano’s central part, creating today’s stunning caldera!

Pyrgos village, is one of the main caldera view locations formed by this geological activity.

Balanced on a cliff, 300 meters above the sea, Santorini Gem Wedding Venue is a privileged location with panoramic views, facing the volcanos and the neighboring islets.

*Destination wedding? What a challenge!*

**D**esigning the perfect day for the couple and their best friends and families in a whimsical destination!

Santorini will seduce the guests with its beauty and culture. The grandeur of the caldera cliffs will be the perfect background to exchange emotional and life lasting vows.

Gem wedding planners will lead you step by step to make the journey to the wedding day the most gratifying!

*“A wedding planner should be your wedding planner second and your friend first and I certainly found that with Iosifina.*

*In respect of the venue, she knows the venue intimately so her knowledge was incredibly valuable.*

*In respect of her planning – I didn’t have to worry about a thing throughout the whole experience, from planning over email back in the UK to the run up to the main event - it was incredible.*

*Iosifina has a calming nature and influence and I totally trusted her judgment and her advice and she picked up things that she didn’t even need to do when times were tough in the run up to the wedding. She takes great joy in making your vision perfect and making it happen – the best investment, along with the DJ and the photographer, was having Iosifina – she did me amazingly proud.”*
