

MANISOL WEDDING

*hey there,*

We are Alba & Selene, founders of ManiSol Wedding. ManiSol Wedding is a high-end Italian wedding photography and videography collective based in Northern Italy and working all around the world.

We believe in Love in all its forms. Our aim is to craft the most personal, bespoke, unique memories of our couples' special moments into photographs and films they will cherish forever, blending candid moments with beautiful editorial portraits.

We are deeply in love with Italy. Even though all of us experienced the neverending beauty of traveling around the world, discovering new countries and cultures, we decided to stay and create an international business here, at our home. Being Italian developed our aesthetic, and being international developed our approach.

Our weddings have been published in some of the most important wedding magazines around the world, such as Style Me Pretty, Junebug Weddings, and Harper's Bazaar.

MANISOL WEDDING

*beauty is truth,  
truth beauty*

*that is all  
ye know on earth,  
and all ye need to know*

John Keats, Ode on a Grecian Urn

Beauty for us means elegance, charm, uniqueness. Beauty is our female vision: our eye is delicate, passionate, a light touch that is never intrusive, never pushes too far.

We look for beauty in all the details, the landscapes, the people we meet.

Shortly, we look for beauty and capture beauty in the stories we tell.

Appearance is just a small side of what beauty means to us: as Keats said, beauty is truth, and truth is beauty.

For us, Truth is the search of something timeless and authentic. Our work is not trend-related: our work is bespoke, authentic, we aim to bring back your memories as you lived them. Truth means emotions, happy tears, candid laughs and all in between.

We live your wedding day next to you, we feel the emotions you feel and make them shine through our images and videos.

# KIND WORDS

*from happy couples*

"When I watch our wedding video it feels like I'm watching the trailer to the most romantic movie, I can not believe that it is us on the screen. Our wedding was captured better than I even remember it. They even had me run in my bare feet and the movement of my dress and the wind in my hair made the most beautiful footage. They surprised me in every way! And the photos – I don't have the words to explain. All I can tell you is that we were not standing posing like the normal wedding photos, they are playful and fun and captured each moment perfect. I posted A LOT on my social media and people from back home and people I don't even know say all of the time that our wedding photos are like something from a spread in Vogue!"

- Gillian & Robert

"Words cannot express how truly grateful we are to you all for capturing our beautiful wedding moments so perfectly! It was an absolute pleasure having you by our side from the very beginning when we took our engagement photos through all the moments leading up to our wedding day. Ladies, you are truly such rare, talented, creative, kind and thoughtful people. Thank you for making every effort, listening to our concern and reassuring me every step of the way on our wedding journey. You helped me to be calm, relaxed and naturally enjoy every moment. We are so grateful to have you as part of our most special day. It felt like having good friends by our side. Thank you for making it all the most magical. We are so happy with all our wedding photos and videos. You exceeded every expectation!"

- Ashley & Joe

"ManiSol could not have been a better choice for our elopement! When Selene and Alba showed up I felt like we had known each other for years. We were so comfortable around both of them. They were so personable and captured amazing moments from the day while letting us have our space the whole time. I can't believe how beautiful the pictures and video came out! Forever grateful that I chose this pair to photograph and film the best day of our lives!"

- Nicole & Alex
