# ABOUT US

We are a team of expert wedding planners, so we know how much work goes into planning a wedding - the conceptualisation, research, bookings, selections, itineraries, confirmations, rehearsals... and you still need to have enough sanity, energy and excitement for the wedding day itself!

Leave it all to us, while you sit back, relax, and revel in the moment of saying "I Do" to your significant other.

# WEDDINGS

Marriages are made in heaven, but a lot of the details have to be worked out here on earth

As the host of your celebration, you want to ensure everything goes smoothly. Our team at I Do by Impressario will guide through your preparations so your guests and bridal party have a great time. As your Wedding & Reception Planner based in Singapore, we handpick all the special services and products for your consideration. We assist the couple, family members and even relatives with any unique selection of venues, catering services, entertainment choices, thematic and floral decorations, transportations and travel arrangements. We handle all bookings and liaise your schedule with vendors and service providers for the big day. Most important of all, we want you to enjoy this once in a lifetime event and leave everything else to us.

Count on us to go the extra mile and do most of the behind-the-scenes work, while you and your loved ones have a blast on the best day of your life!
