PUNTA DEL ESTE

Nice to meet you. Simone Tostes.

Hi! My name is Simone Tostes.

After over fifteen years of experience working in social events planning Brazil, I started working in the Destination Wedding market.

In order to start my new project, Aonde Casar in the most solid way possible I traveled around the world for two years chasing special venues, landscapes and suppliers to meet my high standards. After five years, I came to be the most prestigious and well-known destination wedding planner in Brazil.

Please I´d like to invite you to take a look at Aonde Casar website where you can get to know me more as well about my work, venues and properties that are ideal for destination weddings, renewal of vows, marriage proposals, and parties.

After attending 5 editions of the DWP (Destination Wedding Planners Congress) – the most important congress in my area in the world market, I´ve got national and international recognition, honored being invited to be the their Congress Advisory Board Member for South America. Whereas in Brazil, I´ve got the title of *Romance Consultant* from the Rio Convention & Visitors Bureau's.
